NOIDA

25.06. 2019

Ref: Ref: MoP&NG e-mail dated 22.06.2019-Lok Sabha Starred: Diary No: 1836 to be answered on 01.07.2019 regarding Petroleum and Natural Gas.

Q (a) The quantum of crude oil extraction in the country during the last five years, year-wise;

Ans.(a) ONGC/OIL/DGH/PPAC may reply.

Q (b) The details of crude oil (Public and Private) refining capacity of the country during the last five years, year wise;

Ans.(b) Crude Oil refining capacity of the country in last five years are mentioned below: (Figures are in MMTPA)

Year	2014-15	2015-16	2016-17	2017-18	2018-19
Refining Capacity*	215	230	234	248	249

*Refining Capacity includes both public and private refineries.

Source: PPAC data

Q (c) The details and number of new oil and gas refineries which got operational in the country during the last five years,

Ans.(c) IOCL Paradip refinery with capacity of 15 MMTPA was commissioned in 2016.

Q (d) Whether the Government has any plan/ policy to make the country self-sufficient in both extraction and refining of oil and Natural Gas during the next five years: and;

Q (e) If so, the details thereof, year-wise?

Ans. (d) & (e)

Regarding Crude Oil & NG extraction, ONGC/OIL/GAIL may reply.

As regards to refining capacity, the existing refining capacity exceeds the demand. With the expansion of existing refineries & implementation of grass root refineries viz Rajashan Refinery & West Coast Refinery, the refining capacity is projected to be sufficient to meet the domestic demand of the refinery products up to 2025.

Year wise projected capacity given below: (Figures in MMTPA)

	Existing	1.4.2022	1.4.2023	1.4.2025
Refining capacity	249	266	284	399
